[Documenting Family History during the Holidays](#)

It happens every year... family members from near and far come together to celebrate the holidays. We linger around the tables and reminisce about the past, share what is currently happening and look bright to the future. Young and old family members enjoy the shared stories and funny jokes, and each of us returns home feeling a bit more connected than before because we know even more about our great family.

However, shortly after this great time together, many of us start to have trouble remembering the details of these great stories. Does this sound familiar? Yes, of course it does! My challenge for you this holiday season is to document the great stories of your family to be remembered holiday after holiday.

Here are 3 questions each to ask each family member (Grandparents, Parents, Aunts/Uncles, Siblings and Nieces/Nephews). First, use these questions (or create some of your own) and print out the questions for each family member to answer and then place the pages in a binder or an album bring out each year to remember these great stories. This way you will never forget those great family stories.

Grandparents:

Tell us about your greatest challenge and how you made it through?

What did you do for fun as a child?

What did you think when you first met Grandma/Grandpa?

Parents:

What traditions did you have while growing up?

What great historical event happened that you strongly remember?

What are the details that you remember from your wedding day?

Aunts/Uncles:
